

Bonfire heart

Your mouth is a revolver firing bullets in the sky
Your love is like a soldier, loyal till you die
And I've been looking at the stars for a long, long time
I've been putting out fires all my life
Everybody wants a flame, but they don't want to get burned
And today is our turn

**Days like these lead to Nights like this lead to Love like ours
You light the spark in my bonfire heart
People like us we don't need that much just some one that starts
starts the spark in our bonfire hearts**

This world is getting colder, strangers passing by
No one offers you a shoulder, no one looks you in the eye
But I've been looking at you for a long, long time
Just trying to break through, trying to make you mine
Everybody wants a flame, they don't want to get burned
Well today is our turn

**Days like these lead to Nights like this lead to Love like ours
You light the spark in my bonfire heart
People like us we don't need that much just some one that starts
starts the spark in our bonfire hearts**

Our bonfire hearts ooooh Our bonfire hearts ooooooh
Our bonfire hearts ooooh You like the spark

**People like us we don't need that much just some one that starts
starts the spark in our bonfire hearts**

**Days like these lead to Nights like this lead to Love like ours
You light the spark in my bonfire heart
People like us we don't need that much just some one that starts
starts the spark in our bonfire hearts**

**People like us we don't need that much just some one that starts
starts the spark in our bonfire hearts**
